# **Directory of Social Services and Youth Service Agencies for the Whittier Area**

## **Forward**

The role of effective community resources in meeting today's social service and youth needs grow more important each year.

It is our hope that this directory provides a useful reference guide to inform families, friends, community members and professionals of the multitude of local organizations.

We do not attempt to evaluate or endorse individual service agencies or categories of service. Furthermore, we acknowledge that this publication is not exhaustive, and that there are many service providers who do not come to our attention. We welcome the opportunity to add information regarding new services each year. We also acknowledge that the information is as current as we are able to make it, recognizing that change often occurs.

The Directory of Social Services is published by the City of Whittier

We would like to acknowledge and thank the following agencies and people for their contribution to the directory:
