

Dear pen pal

Hello my name is Austin Gomez and I live in Whittier California. Whittier is a pretty cool city to live in . they have a lot of cool hang out spots. Usually after school we go to some places like star bucks and we have theses two out side shopping malls called the whit wood and the quad. it's a good place to eat and hang out. Also a good place to go charismas shopping. There's some things to do out here but not that much if you like to skateboard or bmx this is a good place to come because we have a lot of skate parks that you can check out and there all really close to tougher.

A day at la Serna is really cool because your not waking up to go to the same place doing the same thing you are going to place that has the best actives. Usually every two months we have this one thing that's called food day and that's a day that people form out side of school come and bring use fast food like taco bell Carl's Jr. and del taco. that's my favorite part of the 2 months.

In my family I have dad, step mom, a mom and a step dad 2 brothers and one littlie sister. I live with my dad because I always wanted to go to la Serna I go to my moms house sometimes like on holidays and my birthday. I just turned 15 about a week ago. I cant wait to start driving in six months I've been waiting a long time to drive. Its going to be easier for to me to get place to place. Because I am not going to have to ask my parents to drive me to places.

Thank you taking some of your time to read my letter to you if you have any questions or concerns just write it in your letter and I will tell you what ever you need to know and I am looking forward to read your letter thank you ☺

Dear Austin,

Hello, my name is Christina and I am very glad to hear from you. After reading your letter, I found that your life is very colorful. My life is quite different from yours, but everything is good.

I live in Changshu, Jiangsu Province. I have many friends here. Before graduating from the junior middle school, I usually hung out with them. We often did some shopping, chatted in the restaurant or just read books in the bookshop for a day. Now, I have been so busy with my study that I have little time to relax. But, luckily, we still stay in the same school.

Do you play a kind of musical instrument? I am crazy about music. I like singing pop songs. And I love to play the piano, although I am not good at it. Music plays an important role in my life. I think it is music that makes my life colorful.

I have a very nice grandma. She always wears a smile and treats everyone in a friendly way. She taught me to be hopeful and brave when I face difficulties in my life. I wish I could return to my hometown now because I miss her so much.. I can't see her now, but I know she will always be with me.

Thank you for taking some of your time to read my letter. I hope we can be good friends and I am looking forward to receiving your letter again.

Dear Ricardo,

I was glad to receive a letter from you. My Chinese name is Gao Yijia and my English name is Aileen. I live with my parents and grandparents in the country side. The house I live in has many rooms and my pet is a dog whose fur is yellow.

Have you been to Changshu? The city is beautiful but a little crowded. It's famous as a garden city. It is not far from Shanghai. My school is at the foot of Yu Hill which looks like a bull. I live in school and go home every 2 weeks because my home is far too from school.

My school day begins very early. I have to reach school before 6:50 am and school finishes at 5:00 pm. I have much homework to do everyday so I'm always tired.

I have PE lessons twice a week. Though I am a girl, I like playing basketball. Watching films and chatting with friends online are also my hobbies.

Thank you for your letter again. I shall be looking forward to hearing from you soon.

Sincerely

Aileen (高怡嘉)

Dear Pen Pal,

My name is Ricardo Limon, I live with my mom, my dad, and my little brother. I don't have any pets but I would like a pit bull but my parents don't like dogs. I live in a decent size home 3 rooms 2 bath and a great neighborhood.

I live in the city of Whittier, and there is a lot of things to do. You probably get bored . There is a movie theater, a mall, and after school sports. There is also a lot of clubs to join, for example the boys and girls club, they help you with homework and after you could play video games, basketball, and a sorts of other things.

School is like every other school, you wake up early and go to all of your classes. The cool part is that Fridays we enter late.

You could also join in sports either at school or at the park, or if sports isn't your thing you could go to the police academy nearby and work out they also show you how to box.

Thank you for taking your time in reading this letter. I would really like to know about changshu. Hopefully you have enough time to write back.

Sincerely,

Ricardo Limon
